

July 2, 1993

To Whom It May Concern;

Clint Dantine was hired at WTGI 61 as a part time Master Control Operator on January 17th 1992. His job responsibilities were signing the transmitter on the air, maintaining the program log and the transmitter log, and of course, commercial insertion.

Clint was very dependable and worked well without any type of supervision. He also showed a great interest in broadcasting in both television and radio and is very knowledgeable in the field of communications which I found to be a big plus in having him on my staff.

Speaking on behalf of my staff and myself, it comes as a great disappointment to hear of the news that he is leaving us however, we do wish him well in all of his future endeavors and I think you'll find that if you were to hire him, he is truly one of a kind.

Sincerely,

David R. Shildt  
Sr. Master Control Operator
